

SUKKOT

ACTIVITY BOOK

CHAG SAMEACH

Cut out the tangram and get ready for Yom Tov.
Make the Yom Tov shirt and shoe, light candles and dance with the Torah!

GOOD YOM TOV

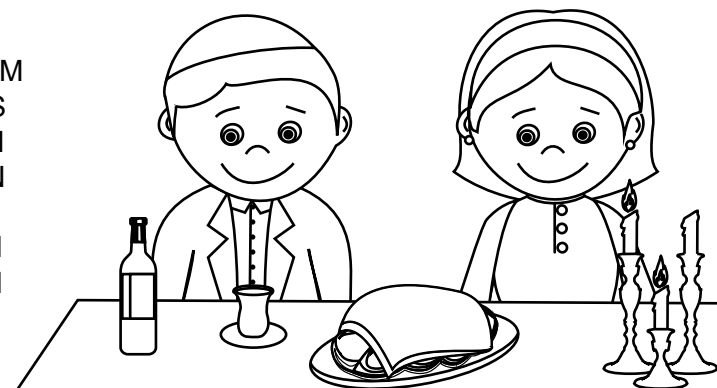

The Sukkah has been built and Yom Tov candles have been lit.

It is time to eat our seudah in the Sukkah!

Can you find all of the words in the find-a-word?

BRACHA
LULAV
ETROG

SHAKE SHAKE

On Sukkot, we shake the Lulav and Etrog. We take the Arba Minim, the four different types, hold them together and make the blessing.

The Arba Minim are **Lulav** - a palm branch, **Aravot** - willow, **Hadassim** - myrtle and **Etrog** - citron.

Each of these different types represents a different type of person and reminds us of the unity of the Jewish people.

Although you can shake the Lulav anywhere, the best place is in the Sukkah.

Can you help the girl shake Lulav in the Sukkah?

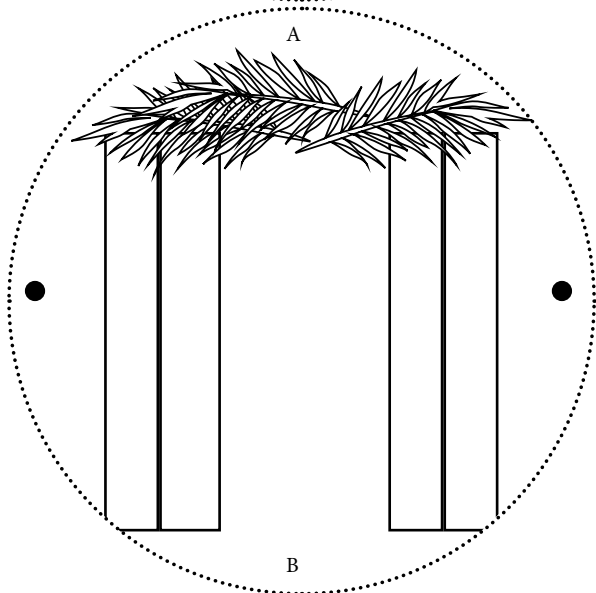

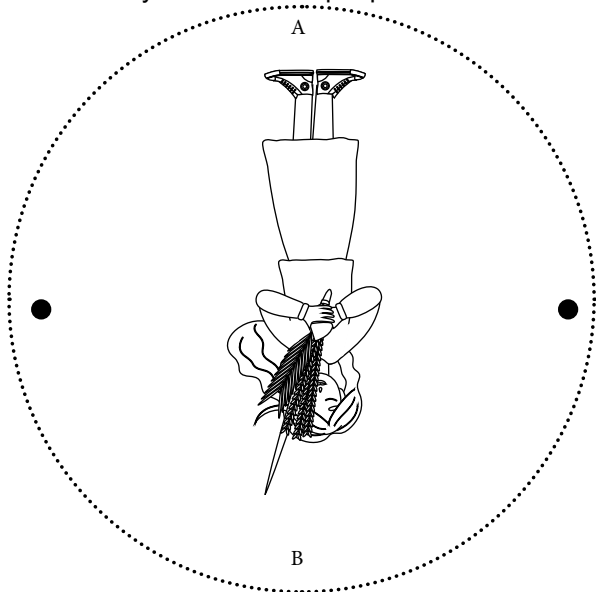

1. Colour in the pictures,

2. Cut out both circles.

3. Glue circles to each other, back to back. Make sure the sides marked 'A' are stuck together, and the sides marked 'B' are stuck together.

4. Attach some string through the dots on each side.

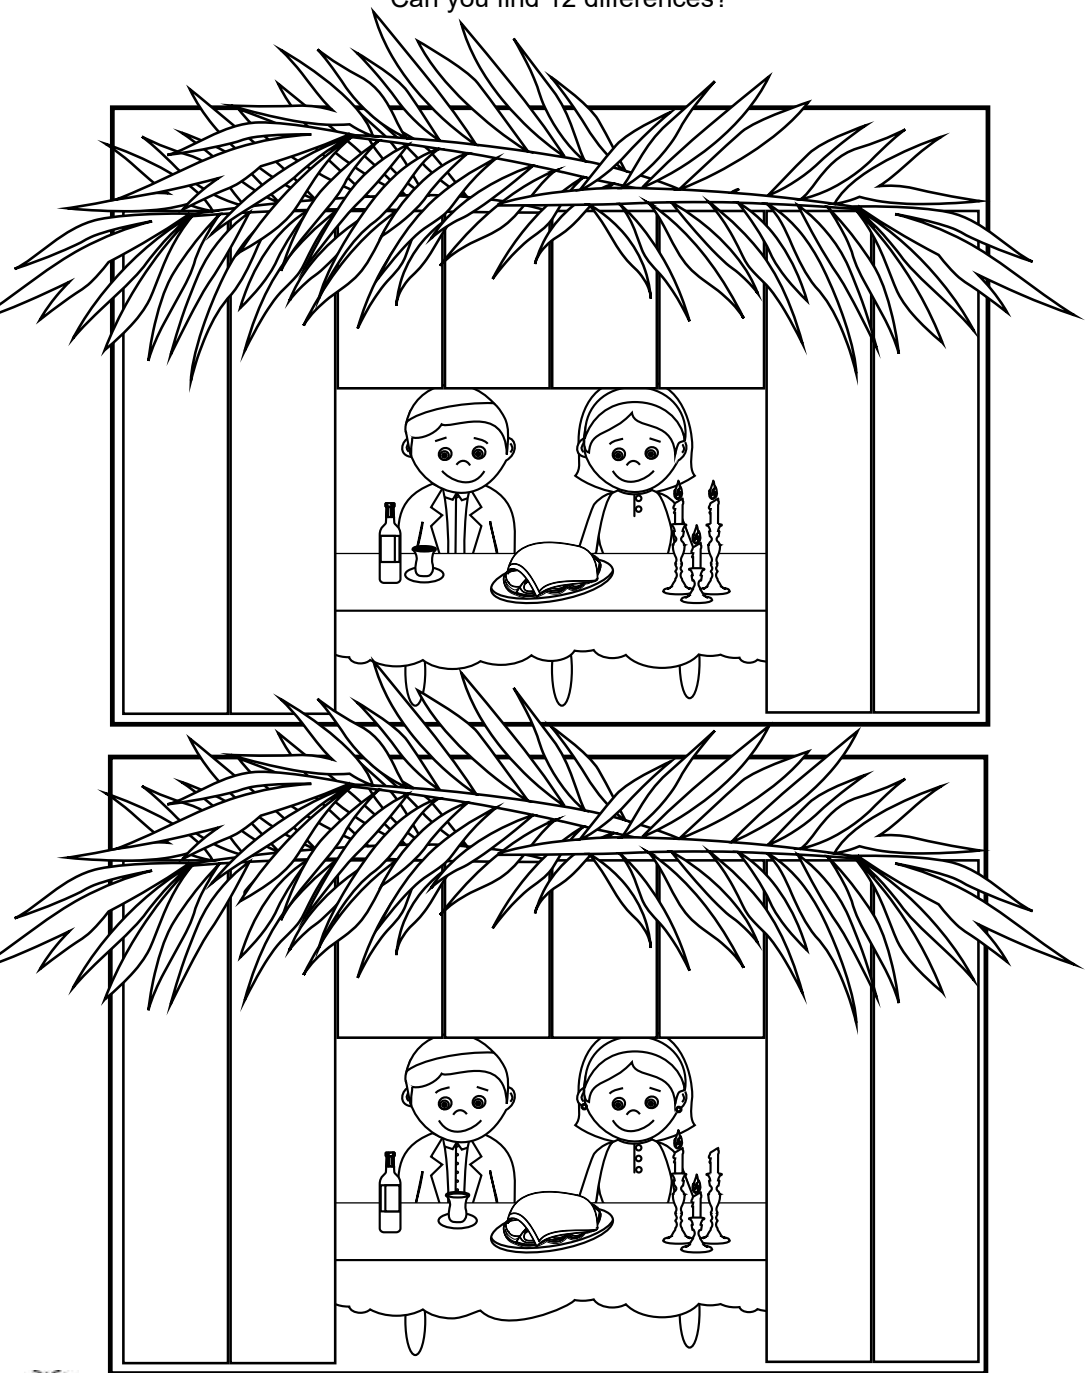

5. Twist the string by flipping the disk round them. Let the string unwind. as the disk spins, it will appear that the girl is bentching Lulav in the Sukkah.

SPOT THE DIFFERENCE

Can you find 12 differences?

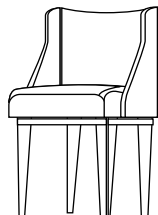

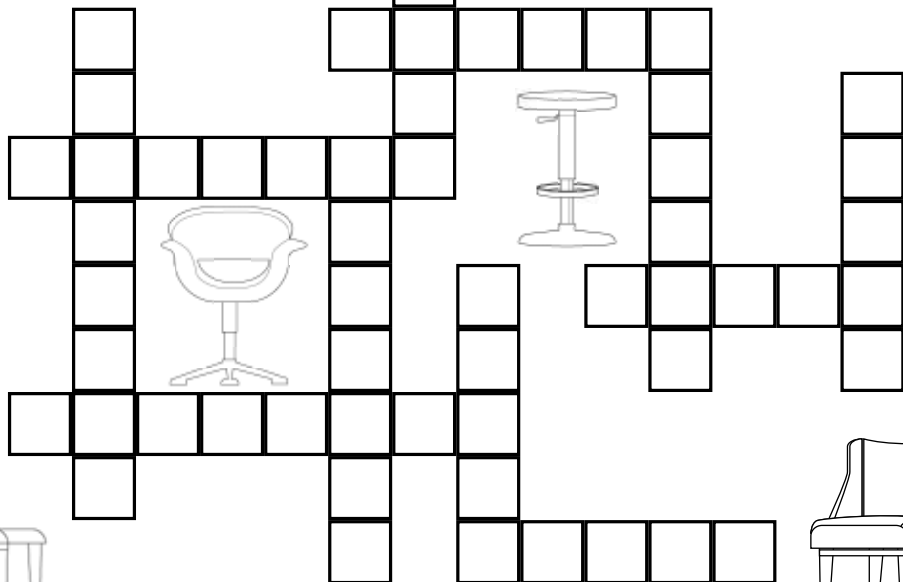

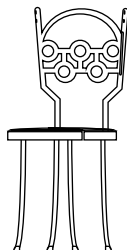

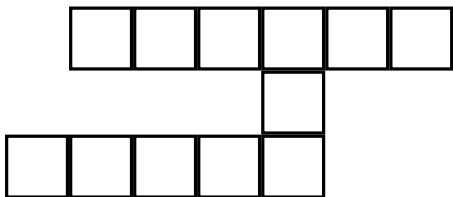

USHPIZIN

There is a tradition that on each night of Sukkot, one of our forefathers visits the Sukkah. The guests (ushpizin) are:

1st night: Avraham, **2nd night:** Yitzchak, **3rd night:** Yaakov,
4th night: Moshe, **5th night:** Aaron, **6th night:** Yosef, **7th night:** David.

Can you fit all the ushpizin words into the word grid?

RAIN & SHINE

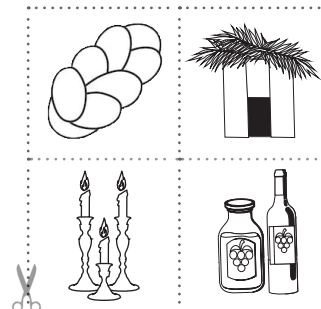

Eating in the Sukkah is a very big mitzvah. Many people have the custom to eat in the sukkah even when it is raining.

Sukkot occurs at the time of year when it usually rains a lot. One reason we celebrate Sukkot at this time is because if we celebrated Sukkot when the weather was beautiful, people might think that we eat outside to enjoy the weather, not because we are following Hashem's command.

Can you help set the Yom Tov table in this funny weather?

If you land on a rain cloud, move down to the bottom of the raindrops.
If you land on a sun, travel to the top of the sun rays.

*You will need a die to move around the board.
Use buttons as counters or cut out the ones below.*

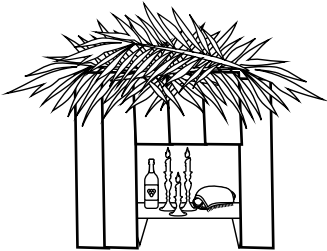

HOSHANA RABBA

The seventh day of Sukkot is called Hoshana Rabba. It is the last day we make the bracha "*Lesheiv B'Sukkah*" when we eat bread or mezonot. On Hashana Rabba, it is customary to eat chicken soup with kreplach and to 'bang' Hashanos.

TIME TO EAT

The Goldberg family were about to start their Hoshana Rabba meal. The children came rushing into the Sukkah.

Rachel was not the first in. Ellie was neither first nor last. Daniel pushed in immediately behind Rachel. Nathan wasn't second in. Josh was two children behind Nathan. In what order did the children enter the Sukkah?

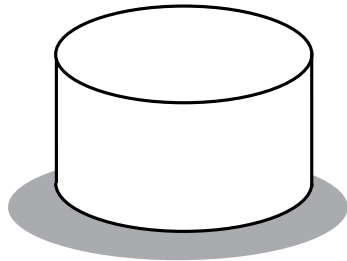

CUTTING THE CAKE

Mum baked the yummiest cake for the Hoshana Rabba meal.

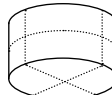

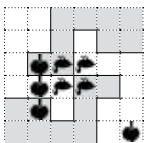

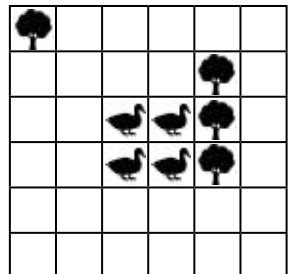

It was tall and round like a cylinder. There are 8 people at the meal. Mum, Dad and the 6 children.

Mum says she can cut the cake into eight identical peices with only 3 straight cuts. Can it be done? How?

EXCUSE ME, ARE YOU JEWISH?

Because Hoshana Rabba is the last day we shake Lulav and Etrog, Four rabbis decided to go to the park to see if they could find anyone that had not yet done the mitzvah. Each rabbi wants to scout their own part of the park. Using the gridlines shown, can you divide the park into four identical sections? Each section must include one tree and and one part of the duck pond.

ANSWERS: 1. Nathan was first; Ellie was second; Josh was third; Rachel was fourth; and Daniel was fifth.

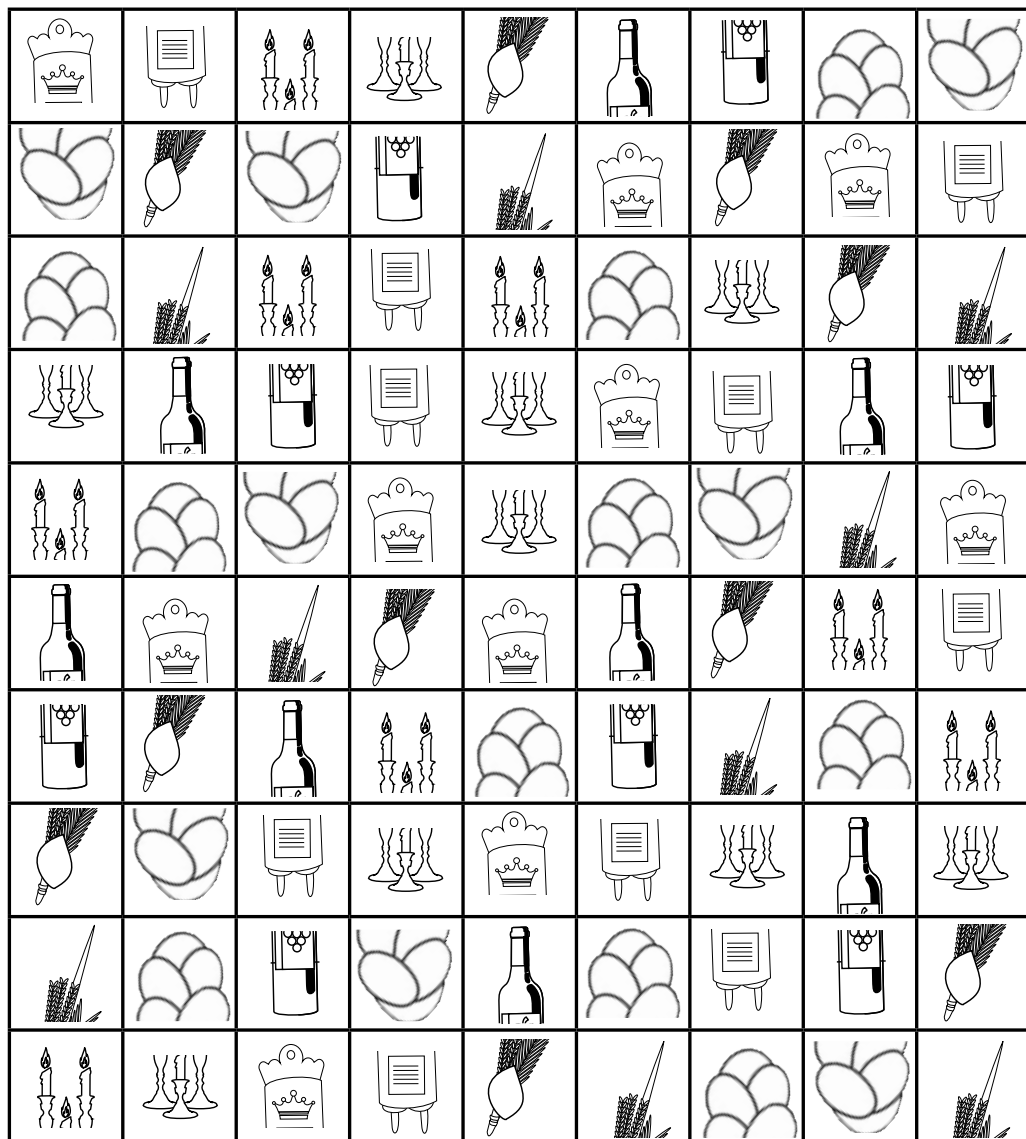

2. Yes, this is possible. The simplest way is: 3. The correct way to divide the park is:

LET'S START AGAIN

Torah learning never ends!

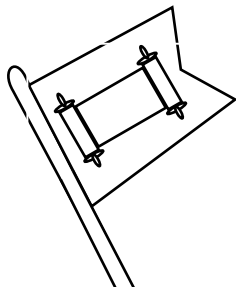

On Simchat Torah, we finish reading the Torah and then start reading from the beginning again.

*In the grid below, find pictures which make a whole - they must touch on one side - no diagonals.
Colour in the boxes. When you find all the pairs, you will see a picture.*

HAKAFOT

Five boys went to Shule for Hakofot on Simchat Torah. Can you work out which Hakofa each boy held the Torah, and which colour Sefer Torah they held?

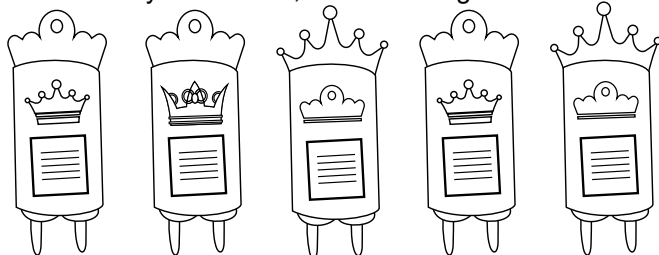

| | | HAKOFA | | | | | TORAH | | | | |
|-------|---------|--------|-------|--------|-------|---------|-------|-----|-------|--------|--------|
| BOY | Michael | First | Third | Fourth | Fifth | Seventh | Blue | Red | Green | Purple | Yellow |
| | Judah | | | | | | | | | | |
| | Reuben | | | | | | | | | | |
| | Sam | | | | | | | | | | |
| | Jack | | | | | | | | | | |
| | Blue | | | | | | | | | | |
| TORAH | Red | | | | | | | | | | |
| | Green | | | | | | | | | | |
| | Purple | | | | | | | | | | |
| | Yellow | | | | | | | | | | |
| | | | | | | | | | | | |

| BOY | HAKOFA | TORAH |
|-----|--------|-------|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

CLUES:

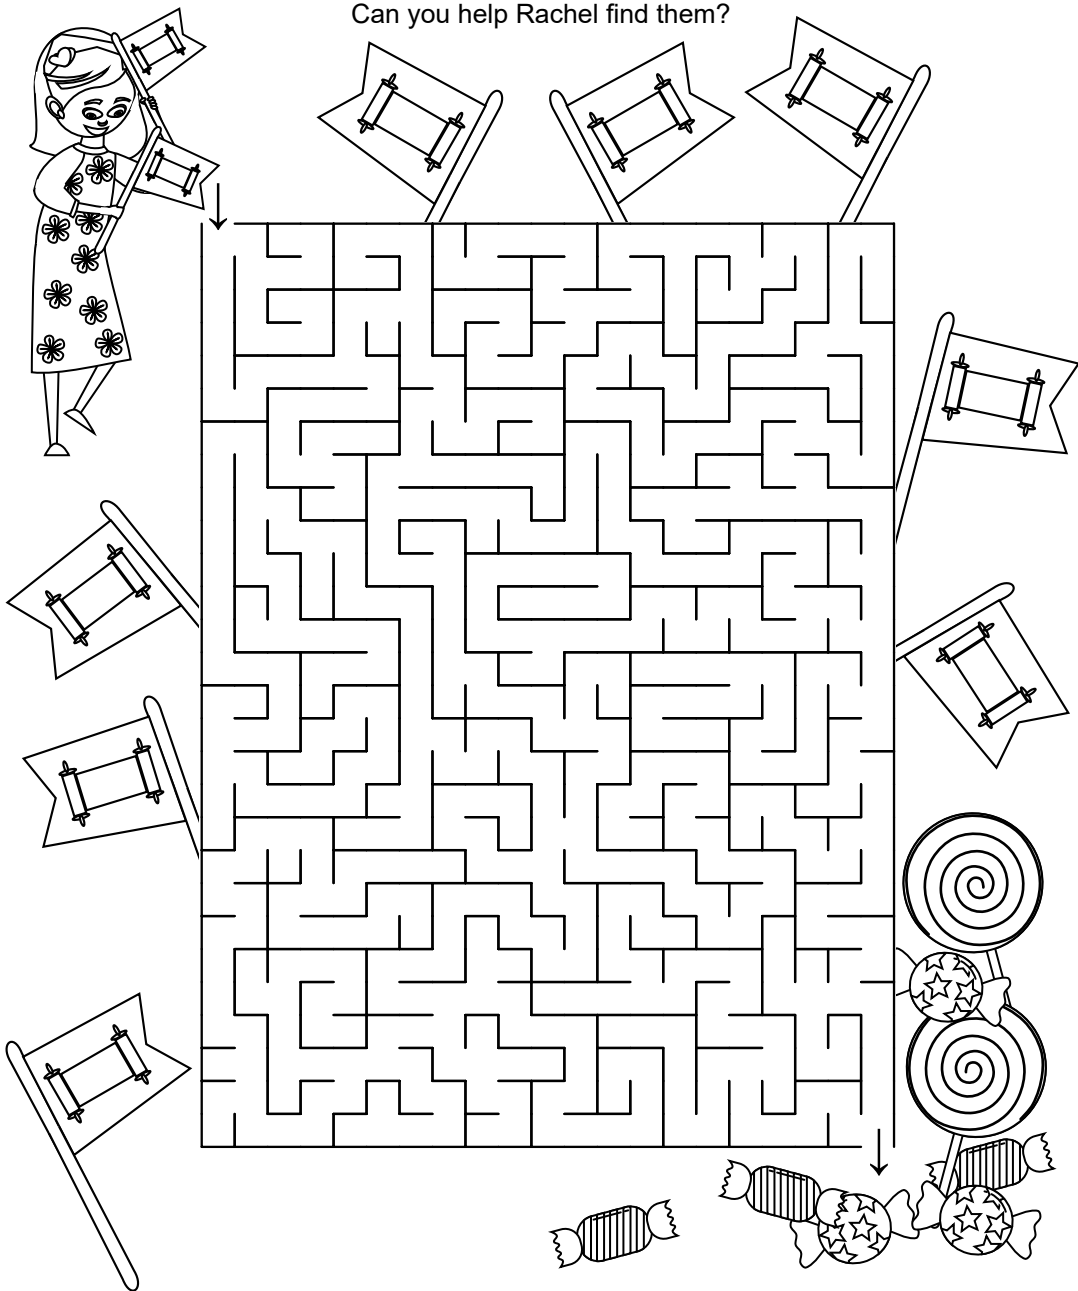

- Judah danced with the green Torah. He was not fifth. The fifth hakofa was danced with the yellow Torah.
- The blue Sefer Torah danced first.
- Jack held the Torah during the seventh hakofa. Neither Reuben or Jack danced with the Red Torah.
- Michael danced with the yellow Torah, but not during the third hakofa.

SIMCHAT TORAH

Rachel and her friends have had so much fun dancing with the Torah.
Now it is time to hand out the Simchat Torah lolly bags.

Can you help Rachel find them?

ETROG OAT BICKIES

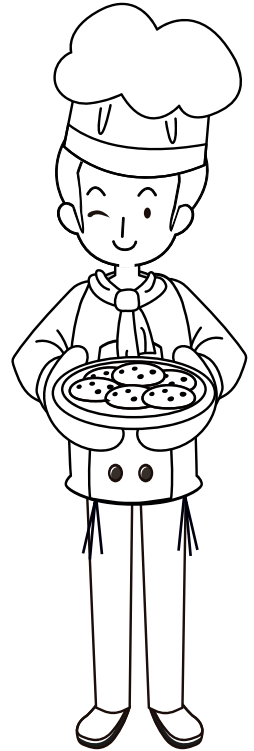

After Sukkot is finished, use your Etrog to make these yummy biscuits.

Ingredients:

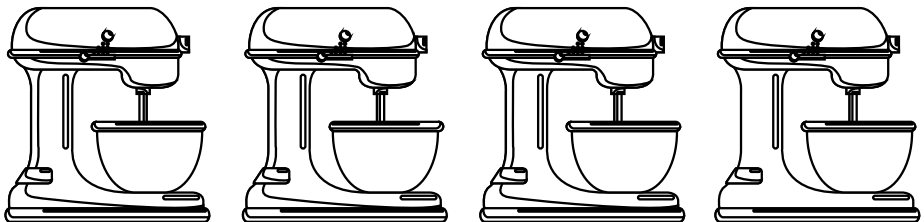

- 1 cup quick cook oats
- 1/4 cup desiccated coconut
- 1.5 tsp baking powder
- 2-3 Tbsp plain flour
- 40g melted margarine
- 1 egg
- 2 Tbsp Honey
- Juice of one Etrog (or lemon)(approx 30ml)

Method:

1. You will need 2 bowls
2. In the first bowl place the first 4 ingredients, i.e. the dry ingredients, mix them together with a spoon or fork to ensure they are combined
3. In the second bowl whisk the wet ingredients, i.e. melted butter, egg, honey and etrog juice.
4. Add the wet ingredients to dry ingredients, mix to combine (if you feel the mixture is too wet add a little extra flour).
5. Place spoonfuls onto a baking tray, generous tablespoons result in 12 biscuits, you can make smaller spoonfuls, shape the biscuits with the back of your spoon to make them roundish... they don't need to be perfectly round, but you do want the flattish, they will spread a little during baking.
6. Bake at 180°C, for 10-12 mins until just golden on the edges.

Only two mixers are identical. Can you spot them?

INVISIBLE ETROG INK

Making invisible ink is a lot of fun, you can pretend you are a secret agent as you keep all your secret codes and messages hidden from others. All you need is some basic household objects and the hidden power of citrus juice.

You will need:

Half an etrog (or lemon) ▪ Water ▪ Spoon ▪ Bowl ▪ Cotton bud ▪ White paper
Lamp or other light bulb

Instructions:

1. Squeeze some etrog juice into the bowl and add a few drops of water.
2. Mix the water and etrog juice with the spoon.
3. Dip the cotton bud into the mixture and write a message onto the white paper.
4. Wait for the juice to dry so it becomes completely invisible.
5. When you are ready to read your secret message or show it to someone else, heat the paper by holding it close to a light bulb.

What's happening?

Citrus juice is an organic substance that oxidises and turns brown when heated. Diluting the citrus juice in water makes it very hard to notice when you apply it the paper, no one will be aware of its presence until it is heated and the secret message is revealed. Other substances which work in the same way include orange juice, honey, milk, onion juice, vinegar and wine. Invisible ink can also be made using chemical reactions or by viewing certain liquids under ultraviolet (UV) light.

What will you write with your invisible ink?

Can you crack this code?

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| A | B | C | J | K | L | S | T | U |
| D | E | F | M | N | O | V | W | X |
| G | H | I | P | Q | R | Y | Z | ! |

Can you solve the puzzle? Cut out the squares and match up each side.
